Expertly-crafted kitchens with fully integrated appliances include a selection of dishwasher, fridge/freezer, microwave, multi-function oven, gas brushed

steel hob and stylish cooker hood\*. Depending on the size of home, many kitchens feature breakfast bars with plenty of space for a kitchen table for casual dining. Utility rooms or laundry zones ensure you have plenty of space to tuck away your laundry and cleaning equipment.

In the stylish bathrooms and master en- suites, you'll find contemporary washhand basins set into smart vanity units providing useful concealed storage. Chrome towel radiators feature in most homes, with Porcelanosa tiling, rainfall showers and bright white sanitary ware.

### OUR QUALITY

# Step inside

As soon as you step inside a Stewart Milne home, you'll see and feel the difference.

This is no ordinary property – this is something special. A home where clever design achieves the perfect balance between elegance and practicality. Where every fitting and appliance is of the highest quality. Where the renowned Stewart Milne Homes' attention to detail ensures a superb level of finish.

## Start at the heart...

The kitchen is the heart of any home, and it's likely this is where you'll head first as you explore. For most families it's the busiest, hardest-working room in the house, so we've designed each of our kitchens to be particularly spacious. We've also taken care to locate the kitchen in the optimum position, given the likely flow through the household. Practical connections to a dining or family room, a utility space or the garden or French doors make the kitchen more stylish and welcoming than ever. Naturally details vary depending on the house style, but the common factor is that we've thought about how you'll use the kitchen most, and designed it to work perfectly.

While you're exploring the kitchen, take a moment to check the fittings and appliances, the soft closing drawers, chrome door hinges, USB sockets - all the little things that make a house a great home.

Depending on the location and style of your home, the specification will vary, but typically you'll find beautifully-designed stainless steel hobs, cooker hoods, multi-function ovens, microwaves/grills, integrated fridge freezers and dishwashers. Breakfast bars also feature in many homes.

We understand your home needs to be functional as well as comfortable so in many homes, to maximise space, we

have created a practical Laundry Zone. Just open two bi-fold doors and you'll find the space, plumbing and wiring for a washing machine, dryer and all your laundry supplies from ironing board to washing powder.

Larger homes have a separate utility room with space and plumbing for your washing machine and tumble dryer as well as plenty of storage.

Once you have reserved your new Stewart Milne home you then have the opportunity to personalise it with a wide range of choices, including; kitchen unit finishes, worktops, handles, bathroom vanity unit finishes and Porcelanosa tiles.

## Getting comfortable...

Next stop on your tour; the main living room. For welcoming friends and entertaining or for relaxing at the end of a long day, this is a space to really enjoy. We've designed ours to make the very most of what sunlight we get in Britain, with large feature windows and, in many homes, French doors opening onto a patio for a lovely inside-outside living space.

Different people, different lifestyles - that's why we build homes either with a separate dining room - if you entertain regularly, a formal dining room may be essential - or we combine the dining area into a large open kitchen dining space that's great for family and friends alike.

\*Choice of kitchen and choice of fittings subject to build programme. Information is correct at time of going to print but is subject to change. For more information speak to one of our team of Sales Consultants. The specification included in this brochure gives a general specification applicable to this development. Please check the specification relating to the individual plot you have chosen with our Sales Consultant at the time of reservation.

## Moving on upstairs...

Now you'll probably climb the stairs to the sanctuary. That's how many people think of the master bedroom – and as you spend about a third of your life in it, it has to be just right.

Most master and guest bedrooms have either a luxury walk-in wardrobe or built-in wardrobes. Television points are conveniently positioned in all bedrooms and telephone points in the master bedroom. You'll find most master bedrooms are en-suite with either a luxury double shower or full bath with separate shower.

Today the bathroom is as much a place to enjoy as a functional necessity, so we design bathrooms and en-suites with indulgence and pampering in mind including larger showers, rain fall

showers and chrome heated towel rails in our larger homes. We provide a superb choice of co-ordinated Porcelanosa tiling and, in many homes, fitted vanity furniture for the family bathroom and master en-suite. Most of our homes have an additional en-suite bath or shower room to the guest bedroom – again available with a choice of tiling. Naturally bathroom suites, shower cabinets and bathroom hardware are all high-specification examples from respected manufacturers.

As you make your way through a Stewart Milne home, we hope you'll note high quality of fittings and finishing. Internal walls and ceilings are painted and elegant white panelled doors are fitted with attractive chrome lever handles,

chrome hinges and latches. Our homes are wired with an abundance of socket outlets, telephone and TV points, while smoke and heat detectors are naturally wired to the mains.

## Take a closer look...

### Warm and snug...

Did you know that, compared to a second hand home, a new home is, on average, six times as energy efficient. Due to the immensely improved insulation specification in new homes, you will be amazed to see the savings you can make while ensuring your home is appropriately warm and cosy. At the heart of the central heating system there's a modern, highly-efficient and environmentally responsible gas boiler, while thermostatic radiators give you independent control for each room.

### Out and about...

Depending on the home you're visiting, there'll be more to explore outside – such as a high specification garage with steel doors and built-in power-sockets, turfed and landscaped front gardens, smart mono bloc driveways. Whatever the location and the specifications, you'll find the exterior space as attractive and as welcoming as the inside of the home.

### The finishing touches...

When you buy a new home you're buying a fresh clean space. You can make it look and feel exactly how you want it to, with minimal fuss. Once you have reserved your new Stewart Milne home you then have the opportunity to personalise it with a wide range of choices, including; kitchen unit finishes, worktops, bathroom vanity unit finishes, handles and tiles. Just ask for details.

## SPOILT FOR CHOICE

When you reserve your home early, you can choose many of the fixtures and fittings that will be included in your new home from kitchen doors and handles to worktops and tiling.

## ENJOY PEACE OF MIND

Buying a new home eliminates the need to do renovations, repairs or DIY, meaning you can spend more time with family and friends, doing all the things you really enjoy. All our homes come with a 10 year NHBC warranty providing you with peace of mind which those buying a second hand property simply do not have.

## LESS CHAIN MEANS LESS DELAY

You can move into your new home as soon as it is complete, there is no need to wait for existing residents to vacate. This reduces the chain, stress and uncertainty associated with buying a second hand property.

## DESIGNED TO SUIT MODERN LIFESTYLES

Our homes are built to make use of every inch of space. Research shows 17% of living space in older style properties often goes unused. Our homes provide flexible living space whatever your needs.

## STAY SAFE AND SOUND

Our homes are designed to adhere to high building standards. These standards relate to every aspect of a building's construction including its structure, ventilation, sound insulation, electrical and fire safety, so you can enjoy living in a safe and secure environment. Your new home is also energy efficient, saving you money on heating bills.

## BRAND NEW MEANS A FRESH, NEUTRAL CANVAS

Everything in a new home is clean and untouched by previous owners – it's like buying a brand new car and driving it out of the showroom. Our homes are decorated in 'neutral' colours giving you a neutral canvas to stamp your own style and personality on from day one. There is no DIY to do, no re-decorating of another person's taste, just a perfect new home.

## BE PART OF A NEW COMMUNITY

Moving to a brand new home is an opportunity to make new friends and be part of a new and exciting community.

Our neighbourhoods are designed and built with people in mind and with everybody starting from scratch, getting to know your neighbours is easy.
