PEOPLE-SHAPED PLACES

ASTBURY PARK, CONGLETON

The perfect place for you to call home.

Astbury Park is a new community offering spacious family homes in the historic market town of Congleton.

Ideally placed between the town and Radnor Wood, alongside the River Dane, Astbury Park retains open spaces throughout, reflecting its traditional English setting in mixed farmland and woodland.

With the Peak District on your doorstep, a home at Astbury Park offers easy access to the many delightful amenities of Cheshire – and is within comfortable commuting distance of Manchester, Liverpool, Chester and Birmingham.

Our elegant, welcoming homes are designed to adapt to your changing needs. And with excellent local schools and access to a wide range of local leisure activities, Astbury Park is the perfect place to make a home for first time buyers, growing families or anyone looking to start a new life in a new home.

Our design philosophy.

Moving into a new home should be one of life's most defining moments. A day that you will always remember, the day when you started a new life in a new community that was created with you in mind.

At Stewart Milne Homes, we go the extra mile to create special places where people want to live, both now and in the future. Our designers seek to establish communities rather than developments, homes rather than houses.

We consider the character of the local area, from landscapes and natural materials to the natural environment – to create unique and sympathetically designed communities that will nurture and enhance both spirit and soul for many years to come.

Our carefully considered new home designs have been created to meet the changing needs and changing lifestyles of families today.

Our homes are rooted in our design principles by being luxurious and spacious with a focus on elegant simplicity. Our homes provide versatile and flexible space, both indoors and in how you will connect with the outdoors while being supremely functional.

Homes designed not only to meet your needs, but also to allow you to express your character and enrich your life.

And that, in short, is what moving into a new home should be all about. So now let us show you something of the new life you can expect to live here at Astbury Park, where the local natural setting and English heritage come together in wonderful harmony.

Congleton: Your new neighbourhood.

Situated just to the North of the medieval market town of Congleton, Astbury Park offers spacious, modern living in a beautiful and historic part of the North West.

Less than ten minutes away by car, the town centre of Congleton boasts an attractive range of independent shops as well as all the well-known high street names and post office, pharmacy and supermarket facilities that we rely on.

The impressive Victorian Gothic town hall dates from 1864, which first received a royal charter 750 years ago. Children and adults alike have enjoyed summer months in the Congleton Paddling Pool since the 1930s, and in more recent times, locals have added two annual festivals celebrating both food and drink, jazz and blues music to the calendar of events.

Today, Congleton is home to a range of primary and secondary schools, with St Mary's Catholic Primary School rated as 'outstanding', and the area boasts a plethora of leisure opportunities.

The nine-hole Congleton Golf Club and eighteen-hole Astbury Golf Club, Astbury Water Sports Centre, Congleton Leisure Centre and numerous local cricket, running and rugby clubs all cater for sporting enthusiasts.

Lovers of the great outdoors will find plenty to explore in Astbury Mere Country Park, the Peak District and Radnor Wood. Located on the doorstep of Astbury Park, the woodland, like the nearby River Dane, has been designated a Site of Biological Importance. And you can trace the local history of your new neighbourhood with a visit to Little Moreton Hall.

With its oldest parts dating from 1504, the Hall was completed in 1610 for a notable local family who retained control until turning the property over to the National Trust in 1938. A 33-foot-wide moat surrounds this distinctive black and white Tudor style manor, and both the house and formal gardens are open to visitors.

Enquiring minds can also learn more about the area's rich history with a visit to Congleton Museum, which features displays on textile manufacturing and locally discovered hoards of gold and silver coins. Then with thoughts of treasure fresh, you can reward yourself with a trip to the beer garden at the award-winning Cheshire Brewhouse, where tasty street food traders are on hand at the weekend to cater for family-friendly days out.

Beyond the immediate area, the new Congleton Link Road offers fast access to the M6, with Macclesfield, Stoke-on-Trent, Northwich, Chester and Manchester all accessible by car in an hour or less. Congleton railway station is located in the town centre, and national and international destinations are all easily accessible via Manchester Airport.

Congleton: A new home for a new era.

Within Astbury Park we've created a new and exclusive selection of homes that have all been carefully designed by our award-winning architects to ensure each home meets your aspirations.

The homes at Astbury Park comprise a choice of 2, 3, 4 and 5 bedroom homes.

These are all homes that have been re-imagined and re-designed to meet the needs of contemporary living. You'll find spacious interiors, stunning kitchens and attractive exteriors to suit buyers from young couples starting out to growing families and professionals.

Reflecting our new design ethos, every single aspect of your home has been revisited through the twin lenses of simple elegance and supreme functionality. All of the homes are light and airy with large windows and French doors to your private garden plus well-planned living and

social areas for entertaining and relaxing. The majority of homes also include a utility room with garden access, ideal for muddy boots after a long country walk.

The vast majority of master bedrooms are all en-suite, while showers are standard in all family bathrooms. And with the need for versatility in mind, now and in the future, all homes include options for a home office, study or playroom.

And finally, each home is carefully positioned to optimise the views and the light and come complete with many bespoke exterior details to complement the natural setting and open spaces of Astbury Park.

Inside your new home: A closer look.

As soon as you step inside a Stewart Milne home, you'll feel the difference. This is special. A home where clever design achieves the perfect balance between elegance and practicality; where our renowned attention to detail ensures a spectacular level of finish throughout.

Let's start in the kitchen...

The kitchen is the heart of any home and it's likely this is where you'll head first as you explore. For most families it's the busiest, hardest-working room in the house, so we've designed each of our kitchens to be particularly spacious and located it in the optimum position. Details will vary depending on house style, but the common factor is that we've thought about how you'll use the space, and designed it to work perfectly for you. Practical connections to a dining room or family room, a utility space, or access to the garden through French doors make the kitchen more welcoming than ever. To cater for different needs – our homes feature either a separate formal dining room or we combine the dining area into a large open kitchen/dining space that's great for family and friends alike.

Depending on the home you choose*, the final specification† will vary, but your expertly crafted kitchen will typically come with fully beautifully-designed stainless steel gas hob, multi-function oven, cooker hood, integrated fridge/freezer – and even microwaves and dishwashers in most of the detached homes.

Of course, your home needs to be functional as well as comfortable so many homes have a handy laundry zone or separate utility room with access to the garden, complete with plumbing and wiring for a washing machine and dryer.

**Choice of kitchen is subject to build program. †Choice of fittings is subject to build program. Information is correct at time of going to print, but is subject to change. For more information speak to one of our team of sales consultants. The specification included in this brochure, or included in the leaflet which accompanies this brochure, gives a general specification applicable to this development. Please check the specification relating to the individual plot that you have chosen, with our sales consultant at the time of reservation.*

Next stop, the family living room...

For welcoming friends and entertaining or for relaxing at the end of a long day, this is a space to really enjoy. We've designed the living areas to make the very most of the sunlight, with large feature windows and, in selected homes, French doors that open out onto a patio to provide a lovely inside-outside living space.

Moving on to the upstairs now...

The Astbury Park range of homes has 2, 3, 4 & 5 bedrooms ranging from palatial master suites to cosy single rooms. Every home comes with an excellent specification of finish including built-in or walk-in wardrobes to master bedrooms and bathrooms and en-suites with luxury tiles and contemporary sanitaryware.

All bathrooms and en-suites are designed with indulgence and pampering in mind. This will include, wherever possible, large showers and in our larger homes, rain fall showers and tall chrome heated towel rails.

We provide a superb choice of co-ordinated Porcelanosa tiling and, in many homes, fitted vanity furniture for the family bathroom and master en-suite.

Several homes also have an additional en-suite bath or shower room added to the guest bedroom – again all available with a choice of tiling.

Finally, lets look around outside...

Depending on the home you're visiting, there'll be more to explore outside – such as turfed and landscaped front gardens and smart mono bloc driveways. Whatever the location and the specifications, you'll find the exterior space as attractive and as welcoming as the inside of the home – although naturally a new garden needs a little time to mature and look its best.

A new home: It means so much more.

With our new homes, there are countless designs and styles to choose from – something for everyone to love. But there are several major features and benefits that are common to all our homes – so we've summarised these here for you. Really, what more could you want?

Eight great reasons to make your new home a Stewart Milne home.

1. The quality of the build

At Stewart Milne Homes, we pride ourselves on building innovative and high quality homes. Each home is built to exacting standards with quality and attention to detail at the core. We use a high level of specification in all materials, apply superior craftsmanship at all times, and adhere to high building standards so you can enjoy living in a safe and secure environment.

2. The 10-year NHBC Buildmark warranty

Each home is quality checked at various stages of its build and inspected by the National House Building Council (NHBC). As a result, all our homes come with a 10-year NHBC warranty so that you can enjoy the kind of peace of mind that someone choosing to go a second-hand property simply does not get.

3. The unique, distinctive community

Moving to a brand new home is an opportunity to be part of an exciting, new community. We have an unrivalled reputation for creating individual, communities that reflect local characteristics and surroundings. Stunning streetscapes and people-shaped places combine to create communities built with your needs in mind. Today, arguably more than ever, it's vitally important to us to offer you great places to live now and in the future.

4. The elegant, functional design

Our new homes are designed to meet the changing needs of families. Our designers have carefully thought through how people use their homes today. The result is new homes that are more elegant, spacious and functional. Homes that provide more flexible space, indoors and out, including direct access to the rear garden from kitchens and utility rooms, and the option of a home office on the ground floor. Homes fully fitted and truly designed to cater for a contemporary, luxury lifestyle.

5. The energy efficiency savings

Compared to a second-hand home, a new home is on average six times more energy efficient. Due to the excellent insulation in our new homes, the savings you can make will amaze you. At the heart of the central heating system is a modern, highly efficient, environmentally responsible gas boiler, while thermostatic radiators provide independent control in every room.

6. The fittings and features

Your new home comes complete with high quality fittings and finishing throughout. Internal walls and ceilings are painted white, and elegant white panelled doors are fitted with attractive chrome lever handles, chrome hinges and latches. While kitchens feature premium appliances and stylish units with soft closing drawers – little things that help make a house a great home. What's more, all our homes are wired with an abundance of well-placed socket outlets, and telephone, TV and USB points, while smoke and heat detectors are directly wired to the mains.

7. The option to personalise

When you reserve your new home early, you will have an opportunity to choose many of the fixtures and fittings that are to be included from kitchen doors and handles to vanity cabinets, worktops and tiling. We can help you to make your new home look and feel exactly how you want it to, with minimal fuss.

8. The benefits of buying new

Buying a new home also eliminates the need for renovations, repairs or DIY, meaning you can spend more time doing the things you love. Everything in a new home is clean and untouched by previous owners. Our new homes are decorated in 'neutral' colours giving you a blank canvas to stamp your own personality on from day one. And, of course, you can move into your new home as soon as it is complete, there is no need to wait around for the existing residents to vacate!
