COVE, ABERDEEN

A collection of beautiful 2, 3, 4, 5 & 6 bedroom homes set within the thriving new coastal neighbourhood of Charleston.

CHARLESTON, COVE

The perfect place for you to call home.

The appeal of coastal living is hard to resist.

Sea breezes, fresh sea air and a real sense of community can all be enjoyed at this popular development.

A neighbourhood to the south of the city, Charleston blends the best of traditional design with a clean fresh contemporary feel. White exteriors, brick and clad all combine with open green space, as a nod to the fishing heritage of the past.

The highly sought-after development is just a short distance from Cove's historic shingle beach and cliff top walks. At just four miles from Aberdeen city centre, Cove is a popular choice for those working in the city but looking to take advantage of a more rural setting.

Stewart Milne Homes is offering the dream combination of a seaside village with luxurious homes at Charleston, Cove.

Our design philosophy

Moving into a new home should be one of life's most defining moments. A day that you will always remember, the day when you started a new life in a new community that was created with you in mind.

At Stewart Milne Homes, we go the extra mile to create special places where people want to live, both now and in the future. Our designers seek to establish communities rather than developments, homes rather than houses.

We consider the character of the local area, from landscapes and natural materials to the natural environment – to create unique and sympathetically designed communities that will nurture and enhance both spirit and soul for many years to come.

Our carefully considered new home designs have been created to meet the changing needs and changing lifestyles of families today.

Our homes are rooted in our design principles by being luxurious and spacious with a focus on elegant simplicity. Our homes provide versatile and flexible space, both indoors and in how you will connect with the outdoors while being supremely functional.

Homes designed not only to meet your needs, but also to allow you to express your character and enrich your life.

And that, in short, is what moving into a new home should be all about. So now let us show you something of the new life you can expect to live here at Charleston in the welcoming community of Cove.

Cove: Your new neighbourhood.

Surrounded by the beautiful scenery of the north east coastline, and situated just to the west of the picturesque old fishing village of Cove – this is a wonderful place to call home.

Charleston is nestled to the east of Wellington Road, and just to the west of the town of Cove. There is easy access to the A90, and new AWPR linking you to the North and South. Life at Charleston is suited to both those in search of an excellent commuter suburb, with plenty of modern amenities on the doorstep, as well as those in search of tranquillity. This old coastal town can offer plenty of rural and coastal walks which link up directly with the neighbourhood.

Residents benefit from a Sainsbury's on the corner, a coffee shop, gift store and hair salon, creating a high street within a few minutes walk of home.

The beauty of Cove is that whilst you can be in Aberdeen city centre within minutes, or standing in your garden, breathing in the sea air, you really feel as though you are miles away from the hustle and bustle of the city. The town of Cove is far from lacking in terms of its own amenities, with the Cove shopping centre offering a supermarket, pharmacist, takeaway restaurants, as well as the Cove Bay Hotel, which is a popular haunt with locals.

The town also offers a health centre, and dental surgery, and is well served by local schools. Cove has two local nurseries, a primary school and a brand new £47 million state-of-the-art secondary school, including a dance studio, fitness suite, games hall, six lane 25 metre swimming pool, environmental gardens, grass and 3G pitches.

Community spirit is everywhere in Cove, be it supporting one of the two football teams belonging to Cove on a weekend, or attending one of the many community run events, such as the Christmas parade, or the summer gala, you'll be welcomed into an established and friendly community.

For those working in the popular industrial estates at Altens and Tullos, Charleston is just a 5 minute car journey from both. The city centre can be reached in 10-15 minutes by car or by public transport. The area is served by 3 different bus routes, all linking with the city centre.

Charleston: A new home for a new era.

Within Charleston we've created a new and exclusive selection of homes that have all been carefully designed by our award-winning architects to ensure each home meets your aspirations.

The homes at Charleston comprise a choice of 2 and 3 bedroom terraced homes, 3 bedroom semi-detached homes, and 3, 4, 5 and 6 bedroom detached family homes.

These are all homes that have been re-imagined and re-designed to meet the needs of contemporary living. You'll find spacious interiors, stunning kitchens and attractive exteriors to suit buyers from young couples starting out to growing families and professionals.

Reflecting our new design ethos, every single aspect of your home has been revisited through the twin lenses of simple elegance and supreme functionality. All of the homes are light and airy with large windows and French doors to your private garden plus well-planned

living and social areas for entertaining and relaxing. All homes also include a utility room with garden access, ideal for muddy boots after a long country walk.

The grand master bedrooms are all en suite, while showers are standard in all family bathrooms. And with the need for versatility in mind, now and in the future, all homes include options for a home office, study or playroom.

And finally, each home is carefully positioned to optimise the views and the light and comes complete with many bespoke exterior details to complement the coastal character and picturesque setting of Charleston.

Inside your new home: A closer look...

As soon as you step inside a Stewart Milne home, you'll feel the difference. This is special. A home where clever design achieves the perfect balance between elegance and practicality; where our renowned attention to detail ensures a spectacular level of finish throughout.

Let's start in the kitchen...

The kitchen is the heart of any home and it's likely this is where you'll head first as you explore. For most families it's the busiest, hardest-working room in the house, so we've designed each of our kitchens to be particularly spacious and located it in the optimum position. Details will vary depending on house style, but the common factor is that we've thought about how you'll use the space, and designed it to work perfectly for you. Practical connections to a dining room or family room, a utility space, or access to the garden through French doors make the kitchen more welcoming than ever. To cater for different needs – our homes feature either a separate formal dining room or we combine the dining area into a large open kitchen/ dining space that's great for family and friends alike.

Depending on the home you choose*, the final specification† will vary, but your expertly crafted kitchen will typically come with a beautifully designed stainless steel gas hob, multi-function oven, cooker hood, integrated fridge/freezer – and even microwaves and dishwashers in most of the detached homes.

Of course, your home needs to be functional as well as comfortable so many homes have a handy laundry zone or separate utility room with access to the garden, complete with plumbing and wiring for a washing machine and dryer.

**Choice of kitchen is subject to build program. †Choice of fittings is subject to build program. Information is correct at time of going to print, but is subject to change. For more information speak to one of our team of sales consultants. The specification included in this brochure, or included in the leaflet which accompanies this brochure, gives a general specification applicable to this development. Please check the specification relating to the individual plot that you have chosen, with our sales consultant at the time of reservation.*

Next stop, the family living room...

For welcoming friends and entertaining or for relaxing at the end of a long day, this is a space to really enjoy. We've designed the living areas to make the very most of the sunlight, with large feature windows and, in selected homes, French doors that open out onto a patio to provide a lovely inside-outside living space.

Moving on to the upstairs now...

Charleston's range of homes has 2, 3, 4, 5 and 6 bedrooms, ranging from luxurious master suites to cosy single rooms. Every home comes with an excellent specification of finish including built-in or walk-in wardrobes to master bedrooms and bathrooms and en-suites with luxury tiles and contemporary sanitaryware.

All bathrooms and en-suites are designed with indulgence and pampering in mind. This will include, wherever possible, large showers and in our larger homes, rain fall showers and tall chrome heated towel rails. We provide a superb choice of co-ordinated Porcelanosa tiling and, in many homes, fitted vanity furniture for the family bathroom and master en-suite.

Several homes also have an additional en-suite bath or shower room added to the guest bedroom – again all available with a choice of tiling.

Finally, lets look around outside...

Depending on the home you're visiting, there'll be more to explore outside – such as turfed and landscaped front gardens and smart mono bloc driveways. Whatever the location and the specifications, you'll find the exterior space as attractive and as welcoming as the inside of the home – although naturally a new garden needs a little time to mature and look its best.

To ensure that the common landscaped areas are kept in pristine condition, a factor will be appointed who will even arrange for the grassed private front lawns to be cut to ensure that the value of your investment is protected; a small monthly maintenance fee is applicable.

A new home: It means so much more...

With our new homes, there are countless designs and styles to choose from – something for everyone to love. But there are several major features and benefits that are common to all our homes – so we’ve summarised these here for you. Really, what more could you want?

Eight great reasons to make your new home a Stewart Milne home.

1. The quality of the build

At Stewart Milne Homes, we pride ourselves on building innovative and high quality homes. Each home is built to exacting standards with quality and attention to detail at the core. We use a high level of specification in all materials, apply superior craftsmanship at all times, and adhere to high building standards so you can enjoy living in a safe and secure environment.

2. The 10-year NHBC Buildmark warranty

Each home is quality checked at various stages of its build and inspected by the National House Building Council (NHBC). As a result, all our homes come with a 10-year NHBC warranty so that you can enjoy the kind of peace of mind that someone choosing to buy a second-hand property simply does not get.

3. The unique, distinctive community

Moving to a brand new home is an opportunity to be part of an exciting, new community. We have an unrivalled reputation for creating individual, communities that reflect local characteristics and surroundings. Stunning streetscapes and people-shaped places combine to create communities built with your needs in mind. Today, arguably more than ever, it’s vitally important to us to offer you great places to live now and in the future.

4. The elegant, functional design

Our new homes are designed to meet the changing needs of families. Our designers have carefully thought through how people use their homes today. The result is new homes that are more elegant, spacious and functional. Homes that provide more flexible space, indoors and out, including direct access to the rear garden from kitchens and utility rooms, and the option of a home office on the ground floor. Homes fully fitted and truly designed to cater for a contemporary, luxury lifestyle.

5. The energy efficiency savings

Compared to a second-hand home, a new home is on average six times more energy efficient. Due to the excellent insulation in our new homes, the savings you can make will amaze you. At the heart of the central heating system is a modern, highly efficient, environmentally responsible gas boiler, while thermostatic radiators provide independent control in every room. Many of our homes now feature energy-efficient PV solar panels fitted to the roof.

6. The fittings and features

Your new home comes complete with high quality fittings and finishing throughout. Internal walls and ceilings are painted white, and elegant white panelled doors are fitted with attractive chrome lever handles, chrome hinges and latches. While kitchens feature premium appliances and stylish units with soft closing drawers – little things that help make a house a great home. What’s more, all our homes are wired with an abundance of well-placed socket outlets, and telephone, TV and USB points, while smoke and heat detectors are directly wired to the mains.

7. The option to personalise

When you reserve your new home early, you will have an opportunity to choose many of the fixtures and fittings that are to be included from kitchen doors and handles to vanity cabinets, worktops and tiling. We can help you to make your new home look and feel exactly how you want it to, with minimal fuss.

8. The benefits of buying new

Buying a new home also eliminates the need for renovations, repairs or DIY, meaning you can spend more time doing the things you love. Everything in a new home is clean and untouched by previous owners. Our new homes are decorated in ‘neutral’ colours giving you a blank canvas to stamp your own personality on from day one. And, of course, you can move into your new home as soon as it is complete, there is no need to wait around for the existing residents to vacate!

Charleston: The choice is yours...

You will find a host of great features in your new home, most are included as standard with some additional options you may like to select. The specification matrix below shows all the features available in each home. Just ask us if you have any questions.

Development Plan

The development plan is for illustration purposes only. The layout is not to scale and is an indication only of the relative positions of properties and landscaping. While the particulars have been prepared with care and are believed to be accurate, no liability for any errors or omissions therein or the consequences thereof will be accepted by Stewart Milne Group. Please note that the development plan was drawn before building started on site. Whilst it is always our intention to build in accordance with this plan, there are occasions when boundaries and layouts may change as the development proceeds. Please check the details of your chosen plot with our sales consultant when you are making your reservation. The deed plan will be sent directly to your solicitors and should be inspected by you.
